VAT(Value Added Tax)

It is an indirect tax which is lavid on goods, at the time of goods sold or purchase within the one state eg. "amit" of maharashtra purchasing goods from "rahul" of **maharashtra.**

There different- different types of vat rates which is charged on different types of goods which are as follows

1% =on gold & silver goods

4%=on medicin, industrial inputs like raw material, drugs, etc

12.5%=on all remaining goods which is not fall under 1 & 4% are covered in 12.5%

On **purchase** we have to charge **input vat**

On **sales** we have to charge **output vat**

Go to Gateway of Tally > F11: Features > F3: Statutory & Taxation
